

Before crossing any road, stop at the kerb with your feet one step away from the edge and remember to always use your Green Cross Code

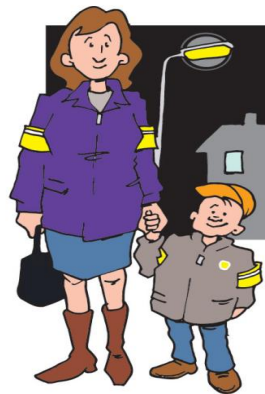

STOP LOOK LISTEN THINK

Playing out is always fun but make sure your adults know where you are and you wear a helmet

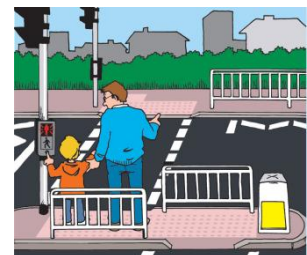

When you go out in the car you must always wear your seatbelt. It will keep you safe in a collision

A car seat can look after you when you are in the car. If you are smaller than 135cm in height then you **MUST** have a car seat to protect you in a collision

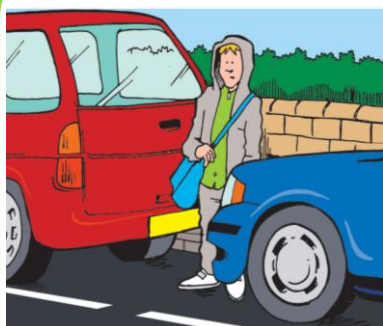

Always wear something bright and reflective when you are out and about, especially at night and when it is dark

When you want to cross the road, look for a safer place to cross. A pedestrian crossing is a safe place to cross. Where there are traffic lights, press the button and wait for the green man

DO NOT cross on a red man as you could get hurt

Crossing between parked cars can be very dangerous! Make sure that vehicles are not going to move, that you use your Green Cross Code before you step out to cross the road

All traffic is dangerous. Always hold hands with your adult when out and about. Make sure that your adult is nearest the road

How to play Snap

1. Deal out an equal number of cards to each player and place face down.
2. Taking 1 card at a time, put it face up. If anyone puts a matching card down, shout SNAP.
3. The one who says SNAP first takes all the cards that are face up and play continues as in step 2.
4. The player who has all the cards at the end wins.

How to play Pairs

1. Mix all the cards up and place face down on a hard surface.
2. Each player takes a turn to turn over 2 cards.
If they **don't** match, turn them face down again.
If they **do** match, pick them up.
3. The winner is the player with the most pairs.
